

## Newsletter February 2017

### New members of staff

**Dr Ade Oyewunmi** is our new G.P based at Mountbatten House Surgery, Ade worked previously as a locum at Stansted and covered areas in Essex.

**Dr Razwan Khandoker**, is based at Danbury Medical Centre. Since graduating Rezwan did 2 foundation years in Telford and Dudley, and then went on to start his GP training in the Chelmsford area. Rezwan have completed the hospital portion, which was 18 months (6 months paediatrics, 6 months obstetrics and gynaecology and 6 months elderly care) and has just started his GP portion, which will be another 18 months.

In February we carried out our first practice fire drill at Danbury Medical Centre. We would like to thank all patients who were in consultations at this time for their understanding and prompt exiting of the surgery to the fire points located in the surgery car park.

### Chaperones

We are very proud to inform our patients that we now have 14 trained chaperones at the Beacon Health Group who are available to assist you should you require

**Chaperone**

Beacon Health Group offers a chaperone service to all our patients across both sites Danbury Medical Centre and Mountbatten House Surgery.

If you would like a chaperone for your consultation please notify reception or the clinician at the time of your appointment for this to be organised for you.
